## Premium Tea Selections

### Earl Grey

*This mild and aromatic tea is a black tea blend with a distinctive flavour and aroma derived from the addition of oil extracted from the rind of the bergamot orange, a fragrant citrus fruit.*

### Tabuko

*This is black tea, or red tea as it's known in China, is the result of a complete oxidation of the leaf before being fired. It has sweet malty aroma, perfect for a breakfast tea and strong enough to take milk.*

### Chamomile

*This delicious, mild therapeutic herb tea has a satisfying, applelike aroma and flavor. Chamomile is a soothing, gentle relaxant that has been shown to work for a variety of complaints from stress to menstrual cramps.*

### Chai

*Chai Tea is based on a black tea, blended with cardamom, cloves, coriander, cumin seed, sweet cumin seeds, curry leaves, lemon grass, rampo leaves. It is best enjoyed with milk, and sugar to taste.*

### Rooibos

*Rooibos tea originated in South Africa. It has a smooth, non-bitter flavour that is pleasant hot or chilled. This tea can help allergies, sleep problems, digestive problems, headache, and other ailments. It is also rich in minerals and in anti-oxidants.*

### Green

*Light in color and flavor, green tea has a lower caffeine content than other tea types. Powerful antioxidants and catechins have been shown in recent studies to fight viruses, slow aging, and have a beneficial effect on health.*

### Peppermint

*Our dried peppermint leaves will make a minty, refreshing drink that is highly satisfying. It's recognized for it's soft to the palate taste and caffeine-free attributes. Peppermint essential oil menthol is also known to promote digestion.*

### Echinacea

*This caffeine free herbal tea, combines the soothing effects of Echinacea, with the best of mother nature. Native Americans and early settlers cherished echinacea for its ability to support the body's immune system and natural good health.*
